Graduation Address

Ian Bremmer

President, Eurasia Group and GZERO Media

Ian Bremmer is a political scientist who helps business leaders, policymakers, and the general public make sense of the world around them. He is the president and founder of Eurasia Group, the leading geopolitical risk advisory firm, and GZERO Media, a company providing intelligent and engaging coverage of international affairs. Bremmer is an independent voice on critical issues around the globe, offering clearheaded insights through speeches, written commentary, and even satirical puppets (really!). A prolific writer, Ian is the author of eleven books, including the *New York Times* bestsellers, *Us vs. Them: The Failure of Globalism*, which examines the rise of populism across the world, and his latest book, *The Power of Crisis: How Three Threats—and Our Response—Will Change the World*, which covers a trio of looming global crises (health emergencies, climate change, and technological revolution) and outlines their potential to create global prosperity and opportunity.

Bremmer serves as rapporteur of the UN High-Level Advisory Body on Artificial Intelligence and is the foreign affairs columnist and editor-at-large for *Time* magazine. He is the host of *GZERO World with Ian Bremmer*, a global affairs program that airs weekly on US public television. Bremmer is also a frequent guest on CNN, Fox News, MSNBC, and many other news outlets globally.

Bremmer teaches at Columbia University's School of International and Public Affairs and previously was a professor at New York University.

Find him on LinkedIn, Instagram, Facebook, and regularly posting from @IanBremmer.
